SPECIFICATION

Model	XC250 (truck-mounted self-propelled version also available)
Output	250 meals / 2 h with 4 cooks · 200 meals / 3 h with 2 cooks · rice, pan-fried meat, stir-fried dishes, soup
Burner	Diesel 0–3.0 kg/h at 0.1–0.3 MPa; also LPG, natural gas, coal or firewood · 11 kg on-board fuel tank, hand-pumped · no electrical supply required
Trailer	4,000 × 2,250 × 2,420 mm · curb weight 1,850 kg · single axle · track 1,908 mm
Ground handling	Ground clearance 340 mm · wading depth 500 mm · departure angle 25°
Cooking modules	Boiling, frying and grilling modules with individual lids, drain valves and lifting handles · integrated flue
Canopy	Deployable fabric canopy on a self-supporting frame, no ground anchors required
Carried equipment	On-board water tank, hand-wash point, storage lockers, tool boxes, road-legal lighting kit

SHIPPING AND COMMERCIAL

Packing	Seaworthy export packing, canopy folded. Height 2.42 m — loads in a 40 ft HC container, not in a 20 ft GP. Indicative 2 units per 40 ft HC; final loading plan issued with the order.
Price basis	FOB Dalian · CIF on request · DDP not offered
Payment	30% T/T with order, 70% against copy of B/L · or 100% irrevocable L/C at sight
Lead time	{{xx}} days after deposit, subject to production slot
Warranty	12 months from delivery excluding wear parts · 1-year spare-parts kit quoted separately (burner nozzles, seals, pump gaskets, tyres)
Options	2 / 4 / 6 module layouts · winter insulation kit · LPG conversion · matching water purification and toilet trailers on the same platform

TYPICAL DEPLOYMENTS

Military units and peacekeeping camps · mining and construction camps · oil and gas field camps · pilgrimage and mass-event catering · disaster relief and shelter sites · border and remote outposts. Where there is no power and no canteen, this unit is the kitchen.
